[2025 Next Generation Information System Engineering Conference (NGISE)](#)

28 - 29 March 2025

The conference on Next Generation Information Systems Engineering (NGISE) aims to explore the forefront of innovation in information systems design, development, and deployment. It focuses on emerging technologies and methodologies that are shaping the future of information systems across various domains. This includes but is not limited to areas such as artificial intelligence, machine learning, big data analytics, cloud computing, Internet of Things (IoT), blockchain, cyber-physical systems, and human-computer interaction. NGISE provides a platform for researchers, practitioners, and industry experts to exchange ideas, share insights, and collaborate on advancing the state-of-the-art in information systems engineering to address the evolving challenges and opportunities of the digital age.

Location: Ghaziabad, Delhi (NCR), India

Event Format: Hybrid (In-person and Virtual)

Sponsors: Ajay Kumar Garg Engineering College; Uttar Pradesh Section

Call for Papers Deadline: 25 October 2024
